**FRIEND OF EPIRUS' LIBERTY ASSASSINATED BY MOSLEM**

Dr. Guinis Is Reported to Have Been Victim of Italian Propaganda.

SALONIKI, May 6.—Dr. Guinis, who for thirty years had worked for the deliverance of Northern Epirus from the Turks and for its union with Greece, was assassinated several days ago at Koritsa by a Moslem. The funeral was attended by 10,000 persons according to dispatches to the Athens News Agency.

The assassin, who was named Ibrahim and who is said to have been assisted by two others, the dispatches declare, is an agent of Italian propaganda in Northern Epirus. It is asserted that the Italians have been inciting the Moslems against the Greek Christians.

The French authorities continue their investigation of the assassination.

## PETERSBURG'S WORLD WAR VETERANS WILL ORGANIZE

Arranging Great Meeting to Be Held May 24—Husband Held for Attacking Wife.

[Special to The Times-Dispatch.] PETERSBURG, Va., May 6.—At a meeting of returned soldiers and men who had been with colors held at the Y. M. C. A. it was decided to form a local chapter of the American Legion.

A committee was appointed to arrange for a big meeting on May 24, when a permanent organization will be effected. J. Thompson Wyatt and W. A. Trotter, Jr., were elected to represent Petersburg at the national convention in St. Louis.

**Husband Arrested for Assaulting Wife.**

J. I. Barger, who attempted to kill his wife at their home in Hopewell, on Monday, after cutting her throat with a razor, has been arrested and is held in jail to answer the charge of assault. Mrs. Barger's condition is unchanged. It required four or five stitches to close the wound in her throat, and she has been unable to speak. Barger's self-inflicted wound on his own throat is not serious.

**Negro Drown.**  
Jesse Johnson, a negro youth, was drowned in the James River, at City Point, Sunday afternoon. While riding his wheel along the wharf, his attention was attracted from his course, and the wheel ran with him into the river. The body was recovered.

**To Welcome Eightieth Division.**

Definite information that the Eightieth, or at least a portion of it, will soon reach Camp Lee for demobilization has started preparations both at the camp and in Petersburg for its reception. Colonel Waldron, chief of staff of the division, reports that the men are in splendid condition, and are returning better mentally, morally and physically than when they went overseas. The Petersburg Rotary Club is heading the movement for demobilization's welcome in the city, and is arranging for a mass-meeting of citizens to plan and advise details. The heart and energy of every man and woman in Petersburg will be enlisted in the reception, and the extended boys of the Eightieth.

**To Organize Guard Company.**

Plans have been started for the organization of a national guard company in Petersburg, in addition to the two State military companies already in existence. Lieutenant Percy B. Lamer, head of the movement, has already signed twenty recruits for the new organization. The company must be formed by June of this year, and must consist of not less than sixty-five men.

**Employment Service Bureau.**

The various organizations in the city, the Jewish Welfare Board, the Chamber of Commerce, Retail Merchants' Association, the Y. M. C. A. and the War Camp Community Service, which have appropriated funds toward the maintenance of the United States Employment Service here, have joined in an appeal to the members of the Board of Aldermen to provide sufficient funds for the continued activities and functions of the bureau. Only a small sum is needed. Since the 1st of January of this year, the bureau has received 1,500 persons who were seeking employment, and of these 1,500 were referred to suitable and remunerative employment. Others were enabled to secure work through information obtained at the office.

**STRIKING EMPLOYEES LOSE THEIR SHARE OF PROFITS**

Willis-Overland Management Refuses Admission to All Declining to Work 48 Hours.

[By Associated Press.] TOLEDO, Ohio, May 6.—About 7,500 employees of the Willis-Overland Company, who quit at 3:30 o'clock yesterday, refused admission to the plant when they reported for work as usual at 7 o'clock this morning.

The Electro-Auto-Lite plant, a subsidiary, about 1,150 of the 2,400 employees were not at work today, officials said. Guards stationed at the gates at both plants inquired of workers as they entered the gates if they would work forty-eight hours a week, and when a negative answer was given, admission was refused.

The workers quietly left the factory, formed into parades and marched to Memorial Hall, which has been engaged for three days for the strikers. All departments of the auto-lite plant were running as usual today, officials said.

**Forfeit Share in Profits.**

Vice-President Earl, of the Overland company, today issued a statement saying there is no lockout and that the men left voluntarily. He said all men who quit had forfeited their share in the profits under the fifty-five plan recently announced. At the last distribution it ran from \$24 to \$100 per man for three months.

The workers quietly left the factory, said he stood pat on the forty-eight-hour week, and that no more conferences would be held with the men.

Earl asserted it was necessary for his plants to run forty-eight hours a week to compete with automobile plants in other cities.

**BIG AUDITORIUM CROWD**

Rodeheaver and Matthews Sing Songs and Make Plea for Liberty Loan.

Richmonders blistered their hands last night in the ovation which the crowd at the City Auditorium gave Homer A. Rodeheaver and Robert Matthews, musicians of the Sunday party, when they appeared on the platform for a return engagement with the Richmond Community Chorus, which is composed of the three great choirs which "backed up" Billy Sunday during the seven weeks in which he preached at the City Auditorium.

Banked solidly on the tiers of seats back of the platform were more than 1,000 singers, the women and girls in white. Several hundred men were seated in the center section.

The audience which packed the Auditorium was a typical Billy Sunday crowd, good-natured, expectant and eager for the program to begin, and ready instantly to attest their appreciation of the singers.

While every number on the program was received with persistent and long-continued applause, the outstanding features of the program were "Rocky" Matthews' account of his versatile "uncle," who knew only one tune, "There'll Be a Hot Time in the Old Town Tonight," with his demonstration of how this one tune served on any and all occasions, even for a funeral march down in a Texas town, and his description of the scenario of a popular type of Western movie, a picture drama, accompanied by the supposedly descriptive and appropriate music. A storm of applause and laughter attested the appreciation of Matthews' efforts to entertain.

A plea for the success of the Victory Liberty Loan was made by Mr. Rodeheaver, and subscriptions were taken by a number of young women in the audience while Mr. Rodeheaver responded to special requests for various selections which had met with popular favor during the Billy Sunday campaign.

The program closed with "Rocky" Matthews' efforts to entertain.
